

*From the moment
of diagnosis, we are
here to help.*

"When my mum went into Hyperion House after a hospital stay she was very disorientated and refused to eat or drink. Gradually the kitchen staff and care helpers encouraged her to eat and now she is happy and enjoys life at the home. The care staff work very hard and see to the residents' needs, be that personal care or activities (which my mum really enjoys and joins in with). The staff is friendly and keeps me informed of my mum's state of health, they also ask the doctor to see her when necessary. Mum has her hair done regularly, which is important to her. Overall we are very pleased about the care mum receives and would recommend this home to anyone."

Diva Care

Hyperion House
Nursing & Dementia
Carehome

We understand the challenges you may be facing.

ABOUT US

Hyperion House is a 45-bed **nursing, dementia and residential** care home. The home is registered with the Care Quality Commission (CQC).

The home is situated in the heart of the pretty Cotswold town of Fairford.

Our ethos is to provide a secure and comfortable 'home from home' for our residents.

QUALITY CARE

Hyperion House also has the benefit of double rooms, which means we can welcome couples or relatives who would rather share. Our lounge has been recently refurbished to create a bright, warm and friendly environment for our residents.

OUR STAFF

Our home manager is a qualified nurse with over 20 years of experience in care. Our director is a qualified medical doctor.

Our nurses and care staff are committed to providing our residents with excellent care tailored to their specific needs.

"We believe all individuals are different and deserve a tailored approach to care."

OUR SERVICES

We have the following services at our home:

- Laundry Service
- Visiting chiropodist
- Hair dresser
- Regular GP visits
- Day trips, regular entertainment
- Physiotherapy
- Respite

ACTIVITIES

Our activities co-ordinator creates a range of interesting activities, taking into consideration our residents' individual preferences. From sing-alongs to games, reading to flower arranging, we encourage residents and their families to get involved. We like to keep life as active as possible, as we believe it is good for both physical and mental wellbeing.

Of course, some of our older residents prefer a quieter life and our community area offers a television free environment, with plenty of books to read and for family and friends to speak with.

FOOD

Food is an important part of life and Hyperion House believes it is essential that our residents receive a nutritious and appetising menu designed around an individual's preference.

We realise it is often an extremely difficult decision to make when choosing to move into residential accommodation, which is why we suggest prospective residents and relatives to join us for lunch or afternoon tea before making their choice.

Please contact us to arrange a visit.
